Contractor agrees to credit the contract price or pay the Government $25,000 (or the amount of the loss, if less) as directed by the Contracting Officer.

(f) A subcontractor shall not be relieved from liability for damage, loss, or destruction of aircraft while in its possession or control, except to the extent that the subcontract, with the written approval of the Contracting Officer, provides for relief from each liability. In the absence of approval, the subcontract shall contain provisions requiring the return of aircraft in as good condition as when received, except for reasonable wear and tear or for the utilization of the property in accordance with the provisions of this contract. Where a subcontractor has not been relieved from liability, and damage, loss, or destruction occurs, the Contractor shall enforce liability against the subcontractor for the benefit of the Government.

(g) The Contractor warrants that the contract price does not and will not include, except as may be authorized in this clause, any charge or contingency reserve for insurance covering damage, loss, or destruction of aircraft while in the open, during operation, or in flight when the risk has been assumed by the Government, even if the assumption may be terminated for aircraft in the open.

(h) In the event of damage, loss, or destruction of aircraft in the open, during operation, or in flight, the Contractor shall take all reasonable steps to protect the aircraft from further damage, to separate damaged and undamaged aircraft, to put all aircraft in the best possible order and further, except in cases covered by paragraph (e) of this clause, the Contractor shall furnish to the Contracting Officer a statement of—

(1) The damaged, lost, or destroyed aircraft;

(2) The time and origin of the damage, loss, or destruction;

(3) All known interests in commingled property of which aircraft are a part; and

(4) The insurance, if any, covering the interest in commingled property.

Except in cases covered by paragraph (e) of this clause, the Contracting Officer will make an equitable adjustment in the contract price for expenditures made by the Contractor in performing the obligations under this paragraph.

(i) If prior to delivery and acceptance by the Government, aircraft is damaged, lost, or destroyed and the Government assumed the risk, the Government shall either—

(1) Require that the aircraft be replaced or restored by the Contractor to the condition immediately prior to the damage, in which event the Contracting Officer will make an equitable adjustment in the contract price and the time for contract performance; or

(2) Terminate this contract with respect to the aircraft, in which event the Contractor shall be paid the contract price for the air-

craft (or, if applicable, any work to be performed on the aircraft) less any amount the Contracting Officer determines—

(i) It would have cost the Contractor to complete the aircraft (or any work to be performed on the aircraft) together with anticipated profit on uncompleted work; and

(ii) Would be the value of the damaged aircraft or any salvage retained by the Contractor.

The Contracting Officer shall prescribe the manner of disposition of the damaged, lost, or destroyed aircraft, or any parts of the aircraft. If any additional costs of such disposition are incurred by the Contractor, a further equitable adjustment will be made in the amount due the Contractor. Failure of the parties to agree upon termination costs or an equitable adjustment with respect to any aircraft shall be considered a dispute under the Disputes clause.

(j) In the event the Contractor is reimbursed or compensated by a third person for damage, loss, or destruction of aircraft and has also been compensated by the Government, the Contractor shall equitably reimburse the Government. The Contractor shall do nothing to prejudice the Government's right to recover against third parties for damage, loss, or destruction. Upon the request of the Contracting Officer or authorized representative, the Contractor shall at Government expense furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment of subrogation) in obtaining recovery.

(k) The Contractor agrees to be bound by the operating procedures contained in the combined regulation entitled ''Contractor's Flight and Ground Operations'' in effect on the date of contract award.

(End of clause)

[56 FR 36479, July 31, 1991, as amended at 56 FR 67221, Dec. 30, 1991; 61 FR 50456, Sept. 26, 1996]

252.228–7002 Aircraft flight risk.

As prescribed in 228.370(c), use the following clause:

AIRCRAFT FLIGHT RISK (SEP 1996)

(a) *Definitions.* As used in this clause—

(1) *Aircraft,* unless otherwise provided in the Schedule, means—

(i) Aircraft furnished by the Contractor under this contract (either before or after Government acceptance); or

(ii) Aircraft furnished by the Government to the Contractor, including all Government property placed on, installed or attached to the aircraft; provided that the aircraft and property are not covered by a separate bailment agreement.

(2) *Flight* means any flight demonstration, flight test, taxi test, or other flight made in the performance of this contract, or for the purpose of safeguarding the aircraft, or previously approved in writing by the Contracting Officer.

(i) For land-based aircraft, *flight* begins with the taxi roll from a flight line and continues until the aircraft has completed the taxi roll to a flight line.

(ii) For seaplanes, *flight* begins with the launching from a ramp and continues until the aircraft has completed its landing run and is beached at a ramp.

(iii) For helicopters, *flight* begins upon engagement of the rotors for the purpose of take-off and continues until the aircraft has returned to the ground and rotors are disengaged.

(iv) For vertical take-off aircraft, *flight* begins upon disengagement from any launching platform or device and continues until the aircraft has been reengaged to any launching platform or device.

(3) *Flight crew members* means the pilot, co-pilot, and unless otherwise provided in the Schedule, the flight engineer, navigator, bombardier-navigator, and defense systems operator as required, when assigned to their respective crew positions to conduct any flight on behalf of the Contractor.

(b) This clause takes precedence over any other provision of this contract (particularly paragraph (g) of the Government Property (Cost-Reimbursement, Time-and-Materials, or Labor-Hour Contracts) clause and paragraph (c) of the Insurance—Liability to Third Persons clause).

(c) Unless the flight crew members previously have been approved in writing by the Government Flight Representative, who has been authorized in accordance with the combined regulation entitled ''Contractor's Flight and Ground Operations'' (Air Force Regulation 55–22, Army Regulation 95–20, NAVAIR Instruction 3710.1C, and Defense Logistics Agency Manual 8210.1), the Contractor shall not be—

(1) Relieved of liability for damage, loss, or destruction of aircraft sustained during flight; or

(2) Reimbursed for liabilities to third persons for loss or damage to property or for death or bodily injury caused by aircraft during flight.

(d)(1) The loss, damage, or destruction of aircraft during flight in an amount exceeding $100,000 or 20 percent of the estimated cost of this contract, whichever is less, is subject to an equitable adjustment when the Contractor is not liable under—

(i) The Government Property (Cost-Reimbursement, Time-and-Materials, or Labor-Hour Contracts) clause, and

(ii) Paragraph (c) of this clause.

(2) The equitable adjustment under this contract for the resulting repair, restora-tion, or replacement of aircraft shall be made—

(i) In the estimated cost, the delivery schedule, or both; and

(ii) In the amount of any fee to be paid to the Contractor.

(3) In determining the amount of equitable adjustment in the fee, the Contracting Officer will consider any fault of the Contractor, its employees, or any subcontractor that materially contributed to the damage, loss, or destruction.

(4) Failure to agree on any adjustment shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(e) The Contractor agrees to be bound by the operating procedures contained in the combined regulation entitled ''Contractor's Flight and Found Operations'' in effect on the date of contract award.

(End of clause)

[56 FR 36479, July 31, 1991, as amended at 61 FR 50456, Sept. 26, 1996]

252.228–7003 Capture and detention.

As prescribed in 228.370(d), use the following clause:

CAPTURE AND DETENTION (DEC. 1991)

(a) As used in this clause—

(1) *Captured person* means any employee of the Contractor who is—

(i) Assigned to duty outside the United States for the performance of this contract; and

(ii) Found to be missing from his or her place of employment under circumstances that make it appear probable that the absence is due to the action of the force of any power not allied with the United States in a common military effort; or

(iii) Known to have been taken prisoner, hostage, or otherwise detained by the force of such power, whether or not actually engaged in employment at the time of capture; provided, that at the time of capture or detention, the person was either—

(A) Engaged in activity directly arising out of and in the course of employment under this contract; or

(B) Captured in an area where required to be only in order to perform this contract.

(2) A *period of detention* begins with the day of capture and continues until the captured person is returned to the place of employment, the United States, or is able to be returned to the jurisdiction of the United States, or until the person's death is established or legally presumed to have occurred by evidence satisfactory to the Contracting Officer, whichever occurs first.

(3) *United States* comprises geographically the 50 states and the District of Columbia.
